"I wanted to take this opportunity to thank you for putting up with us this past year. You have been very patient throughout all our many questions and changes to this house plan. The result of all of it is a house with which we are absolutely thrilled. I am so glad that we decided to build with America's Home Place. The Mountainview is really a special house and everything has gone smoothly, despite the fact that we had to get everything started from 3000 miles away. Thank you again for your patience."

**Tom & Rachel Ashton**  
Winterville, Georgia

"I realize your job is not an easy one coordinating the work from beginning to end with the proper contractors, building suppliers and inspectors among others. In the end, your knowledge and perseverance has produced a great house. I felt very comfortable discussing with you whatever matter was at hand. I'm sure my lack of the construction lingo in trying to explain what I was talking about at times was rather frustrating, but you always understood in the end, remaining friendly and polite. Your pride in the completed work and checking it out as if you were going to live there was very much appreciated and says a lot about your character. Thanks so much for building my home."

**M.J.**  
Lavonia, Georgia

"My husband and I wanted to express our appreciation for your professionalism, courtesy, and efficiency during one of the most significant events of our lives. We invested many hours of prayer and conversation into the planning of this event. We feel that we could not have picked a better agency to partner with us in this project."

**B.W.**

"You know your home is built right when you have county inspectors telling you that your home is one of the best built in the county."

**B.G.**

"This letter is to you from a very satisfied customer. My wife and I recently closed on our new home in the Murphy, NC area and would like to compliment you for a well run company. Specifically, we are pleased with the quality of the construction and amenities that came with our new home. However, we are most impressed with your employees, their attitude and attention to the customers' needs at all times. This includes employees we came in contact with by phone or in person, from the home office to the local sales office. Thank you again for a job well done."

"We are writing this letter to let you know how very pleased we are with our new home that was built by your company. Everything went very smoothly and professionally, and our home was built in a timely manner. We would highly recommend America's Home Place to anyone interested in having a home built, as a company with high standards and quality workmanship."

**Mr. & Mrs. B.H.**  
Spring Hill, Florida

"We do not have the words to adequately tell you how much we enjoyed our building process. Many of our friends who have built their homes have had many things to say about the process, but I don't recall any of them 'enjoying' it. We had heard countless horror stories when we embarked upon this journey, and thankfully our ending was a fairy tale. We have a home we LOVE. We would absolutely not change a single thing about it. It was finished on time and UNDER budget, plus we had such a fun time building it."

**Mr. & Mrs. M.H.**  
Duncan, South Carolina

"Barry and I have used your services to build our new home. We are impressed with your staff and their knowledge of building. Many people who have seen our home have commented on the quality of its construction and its beautiful features. We are also pleased that the value of our home exceeded the cost to build it. We would recommend America's Home Place to anyone wanting to build a new home."

**J.R.**  
Hoschton, Georgia

"The house you built us is everything that was promised and everything we hoped it would be"... "We can now relax in our beautiful new house and enjoy our gorgeous lake view with our family - knowing we did not have to give up anything we wanted in our home in order to have it built now."

**Mr. & Mrs. B.B.**  
Suwannee, Georgia

"I would highly recommend John and America's Home Place to any of my friends who are looking to build a quality home at a reasonable price. Thanks for all you have done."

**Carrie Clark**

"It is hard to believe that we have been in our new home for three months now. This is the first home that we have ever owned, much less built! America's Home Place made this a most positive and memorable experience. If I had to credit any one part of the entire project, it would be the people you have working in your organization."

**A.B.**  
Athens, Georgia

"This was our first home building experience. Prior to choosing America's Home Place as our builder, we met with five different building contractors. We were seeking a quality builder with stability, experience, technical support and a solid financial foundation. America's Home Place met the criteria. In the final analysis of any project, a question arises as to what you would do if you had a chance to do it again. Our answer comes without hesitation. We would choose America's Home Place."

**Mr. & Mrs. P.M.**  
Cornelia, Georgia

"We have just moved into our new 'Home Place' home! We wanted to write to tell you what a pleasure it was to work with the fine people in your organization."

**R.B.**

"This home, being my first, was an experience for me in learning the necessary procedures to go from an empty lot to the final home. I am glad that I chose The Home Place as my builder and would be inclined to use them again."
