

Our Farm In Your Mailbox...

The fame of our apple butter has spread internationally! We know of a customer who ships jars to overseas clients as gifts. And a number of our die-hard apple butter fans buy it a dozen or more jars at a time.

However, you don't have to purchase a car load any more to make sure you have plenty. A whole lot of our lip-smackin' good farm-made products, including apple butter, are available by mail order. Our catalog is chock full of great tasting items and unusual gift ideas. Send or phone **Toll Free 1-800-421-4606**

Everything At The Apple Barn Comes Straight From The Farm

See, Smell and Taste the Fruits of the Apple Barn

Visiting the Apple Barn is a uniquely sensual experience, involving all of your senses, one at a time or often all at once. As you stroll through the complex, you're surrounded by hillsides covered with trees in various stages of producing a huge variety of the world's most historic fruit. The delicious fragrance of apple envelopes you as you step into the General Store, where you can buy apple potpourri, cook books, charms, aprons, earrings, and a whole lot of other things that relate to the mighty apple by look, smell or taste. For example, one entire section is devoted to the products of pressed apples—juice, cider, & sparkling juice. That's right next to bins of apples directly off of the tree. A single bite of a fresh, crunchable apple, and we betcha you can't stop with just one! Nearby, refrigerator cases hold hams and bacon slabs that have been slowly, delicately flavored over smoldering apple wood. Then there's the bakery, steeped in the aroma of just-baked apple pies, fried pies, apple dumplings and more; next, pop your head into the Candy Factory where the air is a blend of chocolate and apple aromas. By the time you've sampled our special apple flavors at the Winery, and polished off an apple sundae at the Creamery, and stopped by the Christmas and Candle Shop, you'll be absolutely amazed at the innovative, innumerable ways there are to appreciate apples. Just in case you missed anything, take one of our catalogs home. For your convenience, we ship our products anywhere.

Everything At The Apple Barn Comes Straight From The Farm

The gleaming white Apple Barn at the heart of our complex is a real barn, converted to our use, and this is a genuine working farm. We grow and pick fourteen varieties of apples from more than 4,000 trees. The fruit will eventually become sweet cider, apple butter, pies, candies, ice cream, and lots more, even while you watch. That's part of our magic...you can see the apples turned into delicious treats for you to sample on the spot or take home.

Our delightful, old-timey ice cream parlor, "The Creamery," is the place where childhood memories are made or recalled. The rich, creamy taste of true homemade ice cream sundaes, sodas and shakes brings out the kid in all of us.

The gracious, Southern hospitality of the historic Applewood Farmhouse Restaurant and new Applewood Farmhouse Grill can only be topped by the outstanding food they serve. Located next to the Apple Barn, they offer all of your country favorites, and a few intriguing new treats, all made from scratch and "touched by the magic of apples."

Take a lazy drive down Apple Valley Road, where the river meanders by, and discover for yourself just how many ways there are to enjoy apples!

The ever-growing Apple Barn complex invites you to sample the Cider Bar for a glass of fresh, sweet cider, along with our famous fried apple pies. We dare you to sniff the aroma of the Pie Kitchen without taking some baked goods along with you. The Candy Factory is a perennial favorite, where old-fashioned candy delights are created by hand on century old equipment in front of your very eyes. When's the last time you had a genuine, handmade jawbreaker? Drop by the Winery tasting bar for samples of the best in fruit wines. And do save ample time for a browse in the Apple Barn General Store! Be sure to pick up an apple wood smoked ham, ham slices or bacon while exploring our treasure trove of not only apples and apple products, but local crafts, collectibles, time-tested equipment for serious cooks, cook books, jams, jellies, condiments, and much, MUCH MORE!
