Experience the Romantic Charm of Ante-Bellum Luxury

The sparkling charm of a gone-with-the-wind, antebellum south is reflected in every detail of the lovely Clarion Inn Willow River.

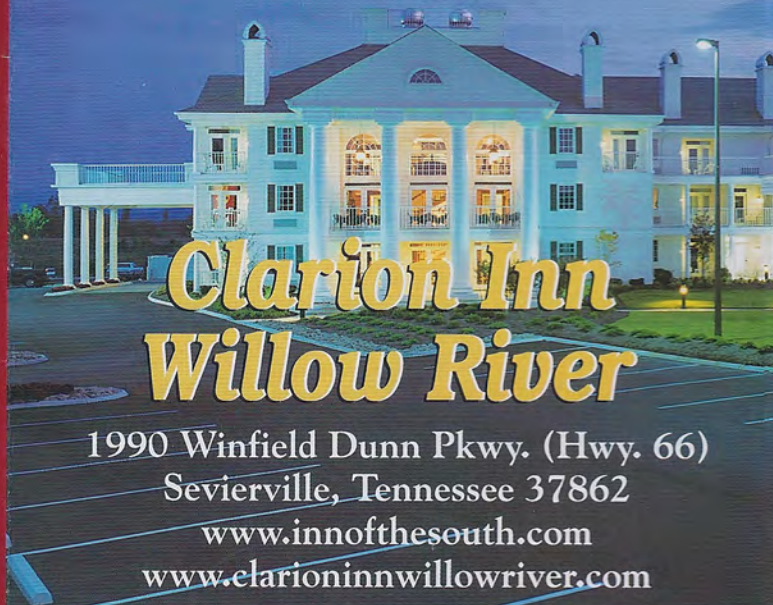

Exquisite period architecture, decor and authentic memorabilia fills your imagination with visions of a southern belle strolling on expansive lawns; of dashing, elegantly clad gentlemen awaiting their ladies at the bottom of a magnificent staircase; and of ballrooms filled with colorful flashes of whirling satin hoop skirts.

Revel in the Splendor of Old Plantation Comfort...

The gleaming brightness of the ante-bellum southern design of the Clarion Inn Willow River reflects the charm of the Old South.

Your Willow River vacation will include unique nostalgic glimpses of a past lifestyle which will live on as a splendid memory, not only of picturesque plantation surroundings, but flawless hospitality and service that mirror the gentility of an earlier bygone era.

Yet, amid the resplendant furnishings, twentieth century conveniences are not ignored. Without intruding upon the atmosphere, Willow River makes sure that every contemporary comfort is discreetly included in your luxurious accommodations. However, our guests are urged to enjoy the surrounding splendor in casual comfort.
