What To Do . . .

While you are visiting Gatlinburg, don't forget to ask us what to see and do. Let us share our knowledge from years of living in and loving this exciting picturesque town and the Smokies.

In spring, watch the ground come alive when the sun coaxes the frost-covered flowers from the ground. Bring your hiking boots, and we can show you the trails that most people have never roamed. Leave behind the stresses of your daily life and enter a serene and pristine world shared only by the abundant wildlife.

Choose your journey to Mt. Leconte, Clingman's Dome, Laurel Falls, Grotto Falls, or Abrams Falls in Cades Cove. We can go on and on about the well-known and the out-of-the-way sites of the Smokies. Or bring your fishing pole, and we will show you a stream or two like Jake's Creek where the Rainbow trout are waiting.

Summertime brings in beautiful days where the average temperature is 84 degrees. From a picnic lunch by a river in the mountains, to a swim in our pool, there are plenty of ways to beat the mild heat. A midnight stroll on July 4th will take you to Gatlinburg's annual parade, or a drive through the Roaring Fork Motor Trail will put you close to nature from the convenience of your vehicle. If you wish to travel from the mountains to the sea, go one-half block to Ripley's Aquarium. Let us also show you the best shops for unique choices, exclusive gifts, or best bargains. Choose from the European influenced shops at The Village to the homemade and homespun treasures of the Arts and Crafts Community. Wherever you go, there will be a cool spot to enjoy the sunny days.

Fall brings the vivid colors and crisp air of the mountains to life. Drop by our office to find out where you can enjoy the brightest foliage. And if you fancy a little home-style fun, visit the renown annual Craftsman's Fair, one of the town's largest events held in the Convention Center. Fall is one of the most popular and enticing times in the year.

Winter brings breathtaking views of snow-capped mountains. Our picturesque town glows with Winterfest lights, and the downtown streets come alive as Santa makes his first appearance at the annual Christmas parade. Strap on those new skis as you slalom down the slopes at Ober Gatlinburg. Say farewell to another year as the ball drops from the Space Needle. And, before you know it, spring is peeking around the corner welcoming a new year to friends and guests.
