MD Express

“Everything you need, right here, right now!”

Welcome to MD Express of Sevierville, Tennessee. We are a family-owned, full service urgent care facility offering the finest, comprehensive medical treatment available. Whether you call East Tennessee home, or you're visiting the majestic Smoky Mountains, MD Express is your one stop for all your medical needs.

From sinus infections to broken bones, we provide quick, friendly, state of the art medical treatment. Check out our services tab for more information about our scope of treatment.

About Us

Our physicians are East Tennessee folks who live in the area. They are board certified in EM and have over 50 years combined medical experience. Our providers have all levels of emergency medical experiences and pride themselves on exceptional patient care.

Medical Treatment

Physicians at MD Express provide urgent care treatment to patients who are unable to be seen by their primary care physicians or who are typically healthy. Services such as flu like symptoms, minor injuries, and abdominal pain are examples of illness we treat. Chronic pain is a condition NOT treated at MD Express and would be best suited for a primary care physician or hospital emergency center. MD Express is a full service urgent care offering laboratory services as well as a radiology department. With these in house services, we can provide you with quick, comprehensive care for your medical needs.

Occupational Health

Employment drug and alcohol testing • Employment physicals • Sports physicals
Vaccinations • Workers compensation injuries and illnesses
